DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

CSE FESTIVAL WEEK

Computer science deals with the theoretical foundations of information and computation, together with practical techniques for the implementation and application of these foundations. Computer science is a rapidly growing field. Within the past 20 years, we have almost given up old ways of communications for electronic. If you pay attention to tech news, they are always trying to find ways to innovate previous inventions. 20 years ago, mobile face to face video chat was a future fantasy, now it's a reality. CSE department of City University arrange a CSE Festival Week so that the students can choose their career of his own.

Day 1-“Programming and Gaming Contest”

IUCPC Intra university computer programming contest are held every semester in City University .Following this intra university programming contest is held on 6th June,15 for the second time at City Campus .This Contest is inaugurated by our Registrar, Md. Shakhat Hossain and Dean Faculty of Science & Engineering, Professor Dr. Md..Matiur Rahaman Mian. The Head of CSE Department MD. Safaat Hossain, coordinator CSE department and all the faculty members of CSE department was present. This season we have achieved a milestone by using PC2 software for the first time. It was a very competitive contest where problems were seated following ACM rules. The department of CSE with the help of two leading club CUPC & CUCC organized this contest and make it colorful.

On this day, the Gaming Contest is also held. This Contest is inaugurated by Our Dean, Faculty of Science & Engineering, Professor Dr. Md..Matiur Rahaman Mian. The Head of CSE Department, coordinator and other faculty members were present. This Gaming Contest game is NFS Most Wanted. It is an exciting contest.

Day 2-Seminar on “Open Source, beyond technology” by BdOSN

“Knowledge is not a Power, Sharing Knowledge is a Power.”

7th June, 2015 on this day Bangladesh Open Source Network [BdOSN] arranged a seminar on Open Source Beyond Technology. This Seminar is presented by The Great Speaker Munir Hassan, Coordinate, Youth Programmer, Prothom Alo, General Secretary, BdOSN, General Secretary, BdMOC, Vice-President SPSB, President, WMBD and Asoka Fellow. Bangladesh Open Source Network [BdOSN] is a non-profit initiative of Bangladesh Fundamental Research Institute (BdFRI). It was launched on 24th October 2005 in Dhaka. In this seminar the students can know why the Open Source is important? And How can the students make career from it?

Day 3- Workshop on “Microcontroller” by TechShopBD and Pi Labs

8th June, 2015 Pi Labs Bangladesh Ltd and TechShopBD are organized a seminar on Microcontroller. Pi Labs Bangladesh Ltd is technology based research organization mainly focused on Embedded Systems and Electronics. Besides, TechshopBD is one sort of your constant helping hand whom you can rely, with no doubt, for any technological support and related assistance.

This seminar is presented by the two talented Engineer RifatAlam and Ranalslam. The Students can know from this seminar that how can the Microcontroller use and also implemented it by a two wheel robot. Basically it's a combination of Software and Hardware.

Day 4- Seminar on “Oracle” by IT Bangla Ltd.

9th June, 2015 on this day IT Bangla Ltd are organized a seminar on Oracle. IT Bangla Limited looks for the right talents to meet business needs and to create homely as well as a professional environment that allows them to work at their best. IT Bangla Limited has nearly ten years experience developing, implementing customized solutions for organizations around the country, in more than 20 industries, in public and private sectors, from startups to multinational companies.

This Seminar is presented by an experienced oracle database developer MD.Asaduzzaman Sikder, Senior Faculty, IT Bangla have been working from 2001 to till in Oracle Technology. He is also a Faculty of IDB-BISOW form 2006 to till. He has the experience handling above 2000 students.

The students can learn from this seminar about oracle database. Its more easier, secure than MySQL. It's a great opportunity to make a career on Database as well as IT industry, bank etc.

Day 5- Workshop on “Animation” by Dreamer Donkey.

10th June, 2015 on this day Dreamer Donkey organized a workshop on Animation. Dreamer Donkey Limited is a Bangladesh based animation studio located in Dhaka and it is the most promising and fastest growing creative organization that has diversified interest and skill in the entertainment industry. It is one of the most ambitious creative organizations in the region, founded in 2010.

This workshop is presented by the talented, creative, young and very frank personality Afroza Hossain Sara and Nabidur Rahman both are Animator in Dreamer Donkey. The students of CSE know from this workshop that when the animation first invented. How can make an animation movie? What's the importance of arts in animation? What is animation? Etc. The students are enjoyed by the animation cartoon as well. The workshop focuses on the development of multimodal didactic designs and animation tools and techniques. Animated Learning is targeted at students, teachers and young learners' enthusiast for animation. The programme also made up of case studies, hands-on workshops and presentations.

*“One man's magic
is another man's
engineering.
Supernatural is a
null word.”*

Day 6: 11th June, 2015

It's the last day CSE Festival-2015. There are some special programs on this day like IT Fair and Exhibition, Campus Recruitment and job replacement, Seminar on Android Apps, Closing Ceremony, Prize giving Ceremony, Cultural Program

IT Fair And Exhibition: The students show their IT projects.

Campus Recruitment and Job replacement:

The organization Lead IT Ltd takes some promising students and giving them job through an interview on campus.

Seminar on Android Apps: The seminar on Android Apps is held by Lead IT and BASIS.

Information session on "IT Skill Training" by Bangladesh Association of Software & Information Services (BASIS) and BASIS Institute of Technology & Management (BITM)

Prize giving and Closing Ceremony: The winners of Programming Contest Gaming Contest are taken the Prizes from The Main Guest and also held the closing ceremony.

Cultural Program: On this session the students performed various events like Acts, Songs, Group Songs, Poem, Single Act, Dance etc.

CSE Festival-2015 is organized by City University Computer Club [CUCC] and City University Programming Club [CUPC]. The Students of this Department learn many things through this festival. Especially now they have the knowledge about every sectors of this Engineering Sectors. Now, they can easily make decision when he or she wants to make his or her career. It's a great opportunity to know themselves as well as the sectors. And the faculty members of CSE Department are young, talented and active also. They are always ready to give their best towards the students. The relation between the teachers and the students are very friendly. They are like a family and work like a team. They have the strong unity as well.

Thank You.
